Association in the work following upon the Messina Conference of other Member States of the Concil of Europe

Motion for a resolution[1]
Committee on Political Affairs and Democracy
Ms Margaretha Albertina Maria KLOMPE, Netherlands

1. 1955 - 7th Session - Second part

Draft Resolution[2]

The Assembly,

Desirous that all Member States should benefit from the advantage of a common market and of the joint exploitation of atomic energy for peaceful purposes;

Convinced that, the greater the extent of a common market, the greater will be the advantages for each member thereof,

Calls upon the Governments of the six countries associated in the Messina Conference to inform the Governments of member countries which did not participate at that Conference of the results of the work of the Intergovernmental Committee and to invite them to collaborate in the tasks that are contemplated;

Calls upon the non-participating Governments to approach the Governments of the six Messina Conference States, with a view to taking part in their work.

2. See 26th Sitting, 16th October, 1955 (Draft Resolution with drawn).
