COUNCIL OF EUROPE
CONSEIL DE L'EUROPE

Doc. 69
18 August 1950

Social security of migrant workers

Motion for a resolution
tabled by Mr Ludovico MONTINI and other members of the Assembly

The Assembly,

considering that the Committee of Ministers has approved the conclusions of the Committee of Social Experts,

considering that the said report contains new suggestions regarding the extension of social security and social welfare in Europe,

expresses the wish that the Committee of Experts should be convened as soon as possible by the Committee of Ministers, with a view to the preparation of new suggestions, which will shortly be submitted to the Consultative Assembly for its decision,

and in particular desires that technical measures, of a suitable kind, for the social security of emigrants, having regard especially to the families they have left behind in their country of origin, and to the case of emigrants repatriated as a result of sickness or disablement, should be studied by the said Committee of Experts.
