## The economic crisis and the legitimacy of democracy in Europe

### **Motion for a resolution**

tabled by Mr Emanuelis ZINGERIS and other members of the Assembly

---

This motion has not been discussed in the Assembly and commits only those who have signed it

---

The global economic crisis has had an impact on the minds of people in Europe, paving the way to increasing radicalisation. Leaders of non-parliamentary parties of the extreme left and extreme right are taking every opportunity offered by the harsh economic situation to gain more popularity.

Therefore, the Parliamentary Assembly of the Council of Europe should present a report on the threats and dangers to the general public of radicalisation in Europe.
