

**Order 295 (1970)**

## **Problem of urban traffic**

Parliamentary Assembly

The Assembly,

1. Having considered its [Resolution 431 \(1970\)](#),
2. Instructs its Committee on Science and Technology to explore the possibilities of a more developed scientific co-operation in the field of urban traffic research among the member countries of the Council of Europe;
3. Instructs its Committee on Regional Planning and Local Authorities to make a closer examination of the advanced technical solutions that are now being applied by some European municipalities and to report back.
