

## Recommendation 34 (1950)<sup>1</sup>

# Co-operation in scientific research and technical development

Parliamentary Assembly

The Assembly,

Noting that, thanks to the activity of the O.E.E.C., considerable progress has been made in the course of the last year in so far as co-operation between Member States of the Council of Europe in scientific research and technical development is concerned,

Recommends that the co-ordination of the activities of the Council of Europe and the O.E.E.C. in this field be intensified and that the Standing Committee of the Assembly and the Secretariat-General be instructed to develop still further to this end the contacts existing with the Council of the O.E.E.C. as well as with the Bureau of the International Council of Scientific Unions.
