

## Recommendation 1784 (2007)<sup>1</sup>

# HIV/AIDS in Europe

Parliamentary Assembly

1. The Parliamentary Assembly refers to its [Resolution 1536 \(2007\)](#) on HIV/Aids in Europe and recommends that the Committee of Ministers:

1.1. forward this resolution to the governments of member states and request them to take it into account when formulating legislation and developing national HIV/Aids strategies;

1.2. instruct the appropriate committee, namely the European Health Committee, in co-operation with relevant European partners to:

1.2.1. promote an exchange of experience between member states on successful national HIV/Aids strategies and approaches;

1.2.2. promote dialogue on HIV/Aids and sexual and reproductive health in public health policy and protect rights from a European human rights perspective, as well as address the development and testing of medicines specifically for use on children living with HIV, and new technologies such as microbicides and HIV/Aids vaccines;

1.2.3. support the development of HIV/Aids indicators for comparable data;

1.2.4. develop guidelines to assist member states in drafting national HIV/Aids strategies;

1.2.5. elicit responses from governments of member states on their progress in combating HIV/Aids.
