26 June 2012

The honouring of obligations and commitments by Montenegro

Amendment¹ No. 2

Mr Mevlüt ÇAVUŞOĞLU, Turkey, European Democrat Group

In the draft resolution, replace paragraph 25 with the following paragraph:

"The Assembly considers that over the past five years, Montenegro has clearly demonstrated its determination and ability to fulfill the undertakings made upon its accession to the Council of Europe and the statutory obligations which it holds as a member State. Having regard to the progress achieved since 2007, the Assembly expresses its confidence that the Montenegrin authorities will continue the reforms they have started.

The Assembly therefore decides to close the monitoring procedure and to carry on the post-monitoring dialogue with the Montenegrin authorities on the questions raised in this Resolution, particularly in paragraph 24, or on any other question that may arise out of Montenegro's obligations as a Council of Europe member State."
