## Management of mixed migration and asylum challenges beyond the European Union's eastern border

### Amendment<sup>1</sup> No. 1

*In the draft resolution, before paragraph 9.1.1, insert the following paragraph:*

"provide countries beyond EU's eastern borders with concrete assistance programmes for burden-sharing, including financial and cost-sharing schemes;"

#### *Explanatory note*

The EU's current policy of externalizing irregular immigration and asylum shifts significantly the burden to countries beyond the eastern borders of the EU, particularly Turkey. Therefore, the EU should support the countries concerned with concrete assistance to ensure a fair burden-sharing of the migratory pressures.
