

Doc. 13229
24 June 2013

Request for the opening of a monitoring procedure in respect of Hungary

Amendment¹ No. 13

In the draft resolution, delete paragraph 9.

Explanatory note

Paragraph 9 contains one-sided statements. Several well-known German and French experts assessed the Fourth Amendment as a positive act, while others formulated criticism. Compared to the draft resolution, the Venice Commission's opinion represents a more balanced view. The Hungarian government already has declared its intention to modify the Fundamental Law
