

Doc. 13531
23 June 2014

The large-scale arrival of mixed migratory flows on Italian shores

Amendment¹ No. 5

In the draft resolution, paragraph 9.3, after the word "effective", insert the following words:

"and include effective human rights safeguards".

Explanatory note

Border control measures must be accompanied by effective human rights safeguards. Without such safeguards, border control measures risk violating human rights, denying access to protection and leading to refoulement.
