

Doc. 13742
21 April 2015

Discrimination against transgender people in Europe

Amendment¹ No. 1

In the draft resolution, paragraph 1, delete the last sentence.

Explanatory note

Medical classification is a matter of science, not of politics. It is dangerous for democracy when politicians decide on what should or should not be classified as a mental disease. The same is true for every disease. People with cancer or HIV also encounter obstacles to social inclusion.
