

Doc. 14010
18 April 2016

Preventing the radicalisation of children by fighting the root causes

Amendment¹ No. 4

In the draft resolution, paragraph 1, first sentence, delete the word "Islamist"

Explanatory note

The report should not focus only on Islamic radicalisation as "radicalisation in all forms" constitutes a direct threat to the society. The latest events in Europe and the Middle East should not change the scope of the fight against radicalisation. We should bear in mind that the latest terrorist attacks against civilians in Ankara perpetrated by the terrorist group PKK are also barbarous attacks and should be condemned by all means.
