Refugees at risk in Greece

Amendment¹ No. 3

tabled by the Committee on Migration, Refugees and Displaced Persons

In the draft resolution, at the end of paragraph 4, insert the following sentence:

"There are two essential conditions for the situation in Greece to become sustainable: the rapid registration and processing of all asylum applications, which depends primarily on the Greek authorities, with European Union support; and the prompt fulfilment of states' relocation obligations, which depends mainly on other countries. Unless both of these conditions are met, there is a serious risk of a severe humanitarian crisis in Greece."
