Sport for all: a bridge to equality, integration and social inclusion

Amendment¹ No. 4

In the draft resolution, after paragraph 5, insert the following paragraph:

"The Assembly highlights the benefits which could be gained from establishing a European "sport for all" label endorsing projects set up for the development of inclusive sports activities."

Explanatory note

Many activities to promote sport for all are still little-known and undervalued. A European "sport for all" label, for which the Council of Europe could be responsible, would make it possible to identify and, what is more, to endorse these inclusive sports activities.
