

Doc. 14217
24 January 2017

Ending cyberdiscrimination and online hate

Amendment¹ No. 8

tabled by the Committee on Culture, Science, Education and Media

In the draft resolution, at the beginning of paragraph 7.4.2, replace the words "ensure that" with the following words:

"recognise that children and young people are particularly vulnerable to the negative effects of cyber discrimination and online hate and it should thus be ensured that".

Explanatory note

The Motion for a resolution "protecting children from racism and hate speech" (Doc. 14040) has been taken into account in Ms Maij's report. The amendment seeks to strengthen this aspect.
