Human rights compatibility of investor–State arbitration in international investment protection agreements

Amendment¹ No. 14

tabled by the Committee on Social Affairs, Health and Sustainable Development

In the draft resolution, replace paragraph 10.1 with the following paragraph:

"ensure, in the creation of an ICS, that the human rights and rule of law considerations set out above are fully taken into account and that the final judgments of the existing system of public and commercial law consistent with the European Court of Human Rights and European law are promptly and fully implemented at the national level;"
