Integration of refugees in times of critical pressure: learning from recent experience and examples of best practice

Amendment¹ No. 1

In the draft resolution, paragraph 2, after the words "for instance" insert the following words:

"and especially Turkey, hosting the largest refugee population in the world, providing shelter and temporary protection for almost 3 million Syrians".

Explanatory note

Turkey currently hosts 3 million Syrians. The total number of refugees in Turkey reaches 3.2 million when including Iraqis and Afghans. Turkey grants "temporary protection" to Syrians and provides them with accommodation and food, as well as medical, educational and psycho-social services. Turkey should be recognised as receiving high numbers of refugees.
