## Promoting the human rights of and eliminating discrimination against intersex people

### Amendment<sup>1</sup> No. 2

In the draft resolution, at the end of paragraph 7.1.3, replace the words "together with such professionals and in consultation with intersex organisations" with the following words:

"by intersex organisations and the professionals concerned".

#### *Explanatory note*

Mere "consultation" with intersex organisations is not enough. They should be at the heart of the development of guidelines that are aimed at promoting a holistic and patient-centred approach to health care for intersex people.
