

Doc. 14464
23 January 2018

Working towards a framework for modern sports governance

Amendment¹ No. 5

tabled by the Committee on Culture, Science, Education and Media

In the draft resolution, paragraph 22, replace the words "the global harmonisation of governance standards"

with the following words:

"the promotion of global sports governance standards, notably as regards the harmonisation of core governance criteria".

Explanatory note

This part of the sentence was perceived as limiting. The European Commission Erasmus+ programme supports a variety of projects on sports governance standards, including the Council of Europe projects, which it should be encouraged to continue to support.
