[…]

With reference to the previous communications and your letter dated 26 April 2017, on behalf of my Government, I have the honour to put forward in alphabetical order the names and curricula vitae of the three candidates for election of the judge in respect of the Republic of Albania, in accordance with Article 22 of the European Convention on Human Rights:

– Sokol BERBERI

– Darian PAVLI

– Mariana SEMINI

The candidates were selected in a competitive procedure, from a list of 16 (sixteen) applicants who fulfilled the criteria announced in the call for application. At the conclusion of the evaluation process, the national ad hoc Commission for the selection of the candidates recommended a list of three qualified candidates for the position of the Albanian judge in ECHR. A description of the national selection procedure is enclosed to this letter.

Following the rejection of the previous lists by the Parliamentary Assembly and the Advisory Panel, and going through a fair and transparent national selection procedure the Albanian Government submits this list, with three highly qualified candidates, with relevant professional experience, according to the relevant guidelines of the Council of Europe.

[…]

2. Description of the selection procedure of recommended candidates for the position of Albania's Judge at the European Court of Human Rights

To ensure the compliance of this process with the Council of Europe standards[1], these steps were undertaken:

1. The call for application was widely disseminated through the publication at the official website of the Prime Minister's Office, at the institutional web pages that interact with the community of jurists, as well in the media.

2. In order to receive a higher number of applications, the deadline for submission of applications was extended by 1 month, by encouraging professional lawyers that fulfilled the criteria announced, to apply. The application deadline lasted more than two months in total.

3. The qualifications required meet the criteria for the appointments to the highest judicial posts, provided by the Constitution of Albania.

4. Considering the importance of the professional and moral integrity, the control of figure of judges and prosecutors in the Albanian justice system, as well of Albanian representatives in international judicial bodies, under the implementation of justice reform in Albania, in accordance with the Constitution and the legislation in force, applicants for the position of the new judge of Albania in the ECHR had undergone the process of reevaluation (vetting).

Other legal professionals who were not included in the categories mentioned in the Constitution were subject to the principles underlying the reevaluation process, which was conducted through investigation and evaluation of skills, competencies, personality, assets and other aspects, in co-operation with the responsible institutions. An applicant was excluded from the process, due to the reevaluation process (vetting).

1. European Convention on Human Rights, Articles 21-23; CM(2012)40-add ‘’Guidelines of the Committee of Ministers on the selection of candidates for the post of judge at the European Court of Human Rights’’; Parliamentary Assembly Resolution 1366(2004) (as modified by Resolutions 1426(2005), 1627(2008) and 1841(2011); The Copenhagen Declaration (2018); The Interlaken Declaration (2010); The Izmir Declaration (2011).

5. Under the Order of the Secretary General of the Council of Ministers was established an *ad hoc* Commission for the selection of applicants with the purpose of recommending the most qualified of them. The composition of the commission was balanced between representatives of the academic corps and well-known law professionals, part of the public administration.

Mr Armand Skapi – Director, Directorate of European and International Law, Ministry for Europe and Foreign Affairs.

6. To perform the functions of the technical secretariat in support of the commission was in charge the Regulatory and Compliance Department of the Prime Minister's Office.

7. After reviewing the applications and verifying compliance with the required criteria, applicants were invited to the structured interview stage, according to a standardized format of questions aimed on identifying the degree of motivation of applicants for the position of Albania's Judge at ECHR but also to check their knowledge about the European Convention on Human Rights, ECHR jurisprudence and the way ECHR is organized and functioned.

In the context of Article 8, which is the right to respect for private and family life, under the European Convention on Human Rights, what is the interpretation that the ECHR has made to the notion of 'home'?

What are the circumstances when the Grand Chamber exercises its jurisdiction?

Do judges sit in cases concerning their own country, at the European Court of Human Rights in Strasbourg?

Choose to introduce one of the ECHR decisions that has impressed you predominantly during your professional career, for the reasoning and the standard setting.

9. Determined to carry out this process under the conditions of full transparency, each applicant was invited to sign a statement by which he/she expressed the will to record or not the interview with digital audio.

10. Foreign language skills were also tested during the interview by developing a part of it (three out of seven selected questions) in one of the official languages of the Council of Europe.
