

Doc. 14955
02 October 2019

A legal status for "climate refugees"

Amendment¹ No. 9

In the draft resolution, delete paragraph 5.3.4.

Explanatory note

It is the duty of every country to have plans to combat and prevent climate-related hazards. It is impossible to regulate these concerns centrally through the Council of Europe. In every catastrophe of the last years, the international community has been able to help within seven or less days.
