COUNCIL OF EUROPE
CONSEIL DE L'EUROPE

Doc. 14955
02 October 2019

A legal status for "climate refugees"

Amendment[1] No. 15

In the draft resolution, after paragraph 5.3.7, insert the following paragraph:

"5.x. to develop a legal status in the asylum systems of member States and in international law for people fleeing long-term climate changes in their native country. The early industrialised member States of the European Council carry a particular responsability to those countries, especially of the "global south" affected by human-made climate change, and should therefore appropriately provide considerable asylum for climate refugees."
