Consequences of the Russian Federation's continued aggression against Ukraine: role and response of the Council of Europe

Amendment¹ No. 6

In the draft resolution, after paragraph 4, insert the following paragraph:

"The Assembly is alarmed and concerned by the destructive consequences of the Russian war against Ukraine for food security, in particular for food supply chains which are destroyed or interrupted, and calls upon all the States to take active measures to help Ukraine to deliver already stocked grain and other agricultural production from Ukrainian ports blocked and destroyed by Russian armed forces by seaways to its final destination in order to ensure food security for all regions of the world and to avoid a food price crisis in the world."
