## Recent challenges to security in Europe: what role for the Council of Europe?

### Amendment<sup>1</sup> No. 2

*In the draft resolution, after paragraph 6, insert the following paragraph:*

"Our democratic values and the functioning of our democratic institutions are challenged by post-truth narratives, disinformation, narrow agenda-setting powers and recurrent attempts to manipulate public opinion. The answer to human rights violations and the condition of political prisoners in today's Russian Federation is more enforcement of the European citizen's civil and political right to be actively informed of all aspects regarding all stages of the policy-making and administrative/rule-making processes, in order to allow for full democratic participation, and hold public goods administrators to account according to the standards of human rights and the rule of law."
