Reports of forced mass deportations of Ukrainian civilians to the Russian Federation

Written declaration No. 750

We, the undersigned, declare the following:

We note with the deepest concern the reports by international organisations and eye witnesses of mass forced deportations of Ukrainian civilians caught up by Russian occupying forces. According to the United Nations, the number exceeds 1.2 million, many of them children, while other estimates show far greater numbers.

This is a clear violation of the most basic rights of those affected, leaving aside the fact that the Russian Federation's invasion of Ukraine and these people's very homes is in itself entirely unlawful.

We call on the Russian Federation to immediately cease such provocations against human dignity, and the international community to react with the necessary vigor.
