CONSEIL DE L'EUROPE

**Doc. 99**
06 December 1951

# Organisation of exchanges calculated to contribute to cultural development and professional specialisation

**Report**[1]
Committee on Culture, Science and Education
Rapporteur: Mr Victor LAROCK, Belgium, Socialist Group

The Committee submits to the Assembly the following Draft Recommendation :

1. 1951 - 3rd Session - Second part

**Draft Recommendation**

The Assembly,

Considering that exchanges of teachers, students and young technicians can greatly contribute to the spread of the European idea among young students and workers,

Having taken note of the Report of the Secretariat- General on the existing exchange facilities,

1. Recommends that the Committee of Ministers instruct the Committee of Cultural Experts to widen the network of exchanges already organised between the Member States,

Emphasising, moreover, the value of both private and public action which aims at developing such exchanges as may assist the vocational training and specialisation of young workers,

2. Recommends that the Committee of Ministers encourage such action to the greatest degree possible.
