

Doc. 15683
26 January 2023

Emergence of lethal autonomous weapons systems (LAWS) and their necessary apprehension through European human rights law

Amendment¹ No. 4

Ms Petra BAYR, Austria, Socialists, Democrats and Greens Group

In the draft resolution, paragraph 18, delete the words:

"the elaboration of a code of conduct and subsequently for".

Explanatory note

A code of conduct is problematic. In principle, such practical measures are welcome, but in this specific case, such an intermediate step poses a danger, as it could slow down or completely stall further negotiations.
