"The Assembly is at the disposal of the Committee of Ministers to feed into the vision that will underpin the establishment of the Reykjavik Committee on the Environment and Human Rights, which the Assembly recommends be established as of 1 January 2024. With a view to contributing to the realisation of the human right to a safe, clean, healthy, and sustainable environment at national, European and international level, the Assembly recommends that the Reykjavik Committee benefit from multidisciplinary and multisectoral expertise, start with a stock-taking exercise of existing instruments and mechanisms at European and international level to inspire synergies and avoid duplication of work, and serve as a platform for the exchange of good practice at all levels."
