Humanitarian situation in Nagorno-Karabakh

Amendment¹ No. 25

In the draft resolution, replace paragraph 10 with the following paragraph:

"The Assembly deeply regrets the human tragedies that have unfolded in the region over the last three decades, including those resulting from the collective failure of the international community to assume its responsibility and address in a timely fashion the blatant violation of international law, in particular the occupation of the Azerbaijani territories and the massive displacement of civilian populations."
