Globalisation in times of crisis and war: the role of the OECD since the Russian Federation's aggression against Ukraine

Amendment¹ No. 14

Ms Mariia MEZENTSEVA, Ukraine, Group of the European People's Party

In the draft resolution, at the end of paragraph 12, insert the following sentences:

"The enormous damage caused to the environment as a result of the war of aggression of the Russian Federation against Ukraine also requires the creation of an international mechanism for providing compensation and holding the aggressor accountable for the damage caused to the environment. The Register of Damage created under the auspices by the Council of Europe should become one of the key elements of this mechanism."
