Legal and human rights aspects of the Russian Federation's aggression against Ukraine

Amendment¹ No. 21

Ms Olena KHOMENKO, Ukraine, European Conservatives, Patriots & Affiliates

In the draft resolution, paragraph 4.11, replace the words after "full-scale aggression" with the following words:

". Referring to the Decision of the Committee of Ministers of the Council of Europe (CM/Del/Dec(2025)1521/H46-29), the Assembly stresses that although the Russian Federation ceased to be a High Contracting Party to the European Convention on Human Rights on 16 September 2022, it remains bound by its obligations under the Convention, including the duty to implement judgments of the European Court of Human Rights, particularly the judgment in the case of Ukraine v. Russia (re Crimea). The Assembly urges the Russian authorities to immediately implement all measures specified by the Committee of Ministers that are related to the administrative practice of torture, enforced disappearances, unlawful transfer of civilians, large-scale expropriation of property and other numerous violations resulting from the occupation of Crimea by the Russian Federation."
