Russia: new threats to European democracies

Amendment¹ No. 1

Ms Olena KHOMENKO, Ukraine, European Conservatives, Patriots & Affiliates

In the draft resolution, after paragraph 2, insert the following paragraph:

"The Assembly deplores and firmly opposes the military-style education system imposed by the Russian Federation on children from the temporarily occupied territories of Ukraine, viewing it as an integral part of the Russian Federation's broader strategy to prepare for a renewed wave of aggressive warfare. The Assembly denounces this policy as constituting a real and objective threat to the peace and security of mankind, and underlines that only by ensuring accountability for the militarisation of a young generation can the international community provide an adequate response."
