Analysis and guidelines to guarantee the right to housing

Amendment¹ No. 9

Ms Elisabetta GARDINI, Italy, European Conservatives, Patriots & Affiliates

In the draft resolution, replace paragraph 6.1 with the following paragraph:

"recognise the importance of housing as a basic social need, while safeguarding the value of private property and the positive contribution of the housing market to economic stability;"

Explanatory note

This amendment seeks to avoid an overly ideological approach. Housing is indeed a social need, but it is also the main form of family savings and an economic driver. Both dimensions must be recognized.
