Supporting the commitment to a comprehensive, just and lasting peace for Ukraine and the security of the European continent

Amendment¹ No. 12

tabled by the Committee on Political Affairs and Democracy

In the draft resolution, replace paragraph 1 with the following paragraph:

"The Parliamentary Assembly welcomes diplomatic efforts deployed by the United States, Ukraine and its European allies to end Russia's war of aggression against Ukraine, which since 24 February 2022 has taken the form of an illegal, unprovoked and unjustified full-scale military invasion. The Assembly denounces Russia's lack of genuine willingness to end this war and strongly condemns the intensification of violence and suffering to which it is subjecting Ukraine. As this war of aggression enters its fourth year, the Assembly renews its call for a comprehensive, just and lasting, dignified and stable peace, essential to the security and stability of Ukraine and the entire European continent. The Assembly considers that the outcome of the war of aggression against Ukraine will have a significant impact on the future of European and global security, and stresses that the security of Ukraine is indivisible from that of Europe."
