

Doc. 16317
28 January 2026

Post-monitoring dialogue with North Macedonia

Amendment¹ No. 1

In the draft resolution, paragraph 13, in the first sentence, replace the words "French proposal" with the following words:

"European Consensus of 2022".

Explanatory note

This amendment is of a factual nature and seeks to clarify that the inclusion of Bulgarians in the Constitution of the Republic of North Macedonia does not constitute a "proposal" by an EU Member State, but is an official agreement between the EU and the Republic of North Macedonia and an obligation stemming from the 2022 Council Conclusions on Enlargement.
