For a ban on conversion practices

Amendment[1] No. 2
Mr Georgios STAMATIS, Greece, Group of the European People's Party

In the draft resolution, after paragraph 7, insert the following paragraph:

"The Assembly affirms that a conversion practices ban should not limit supportive interventions by parents or by qualified clinicians providing healthcare services to adults, young people and/or children, nor limit the independence of those interventions, so long as the interventions do not attempt to change, repress, or suppress people."

Explanatory note

The amendment aims to highlight the importance of the independence of healthcare professionals and the role that parents play in supporting children.
