Protecting democracy from disruptions caused by artificial intelligence

Amendment¹ No. 1

Mr Fabian MOLINA, Switzerland, Socialists, Democrats and Greens Group

In the draft resolution, after paragraph 17.14, insert the following paragraph:

"ensure that there is no protection gap between approaches to regulating AI and approaches to regulating online platforms with respect to the increasing integration of generative AI tools into social media platforms and search engines, as well as the increasing de facto usage of generative AI tools as search engines."
