Ensuring sustainable food security in times of crisis: strengthening resilience and access to food

Amendment¹ No. 13

Mr Mike READER, United Kingdom, Socialists, Democrats and Greens Group

In the draft resolution, after paragraph 14.1, insert the following paragraph:

"ensure that trade-liberalisation and market-access measures adopted in response to crises are accompanied by effective safeguards and by fair-competition standards, so that the domestic agricultural producers and food-production base of receiving countries are not destabilised, and so that imported products are not produced to lower environmental, animal welfare or labour standards than those required of domestic producers;"

Explanatory note

The October 2025 EU–Ukraine agreement established this safeguard mechanism on domestic standards. This mirrors these safeguards into this report.
