REQUEST FOR INCLUSION IN THE AGENDA OF THE SESSION - Examination of the economic situation in Europe, particularly in respect of monetary and trade policy

Request for inclusion in the agenda of the session¹

tabled by M. FEDERSPIEL and other members of the Assembly

This motion has not been discussed in the Assembly and commits only those who have signed it

The Assembly,

Considering that developments in the economic situation of Europe and the various measures recently taken in respect of monetary and trade policy make it desirable that the Consultative Assembly should hold a general debate on economic problems,

Considering that the scope of a debate on the question : " Institution of a European monetary system ", included in the Agenda of the Assembly ever since its Third Ordinary Session would be too restricted,

Decides to replace the item in its Agenda entitled :

" Institution of a European monetary system "

by the following :

" Examination of the economic situation in Europe, particularly in respect of monetary and trade policy ".

Signed (see overleaf)

1. See 5th Session, 1953 :[Doc. 123](#)(included in the Agenda by the standing committee) and 6th Sitting, 11th May 1953 (referred to the Committee on Economic Questions)
