27 January 2010

Holocaust denial

Written declaration No. 435

This written declaration does not reflect the position of the Assembly; only of those members that have signed it. It will not be considered further by the Assembly.

The Parliamentary Assembly of the Council of Europe firmly condemns all those who deny, question or admit doubts, in whole or in part, the respect of the historical fact of the extermination of millions of Jews as a result of extremist right-wing racist and anti-Semitic ideology put into practice by the Nazis at the death camps situated on Polish soil during the Second World War.

We are concerned to learn of the ambiguous statements made on the Polish radio station, Radio Maryja, and elsewhere, by Senator Ryszard Bender who chaired the first part of the Assembly sitting on 25 January by virtue of being the oldest delegate present. We note that Mr Bender's statements have been condemned by democratic politicians and historians inside Poland. We urge the Assembly authorities to take more care before any delegate chairs an Assembly sitting who has made any ambiguous remarks about Jews in any context. We note and regret the election of members of the European Parliament who have made anti-Jewish statements or who have denied the Holocaust. We urge Mr Bender to clarify his position and uphold the clear and unequivocal view of the Council of Europe that what happened to Jews on Polish soil under nazi occupation was a monstrous crime unprecedented in world history, which present and future generations must comprehend and learn why the hatred of Jews leads to ultimate evil.
