Parliamentary contribution to solving the Western Sahara conflict

Motion for a resolution
several Assembly members

This motion has not been discussed in the Assembly and commits only those who have signed it

The Parliamentary Assembly is currently considering a request for partner for democracy status submitted by the Parliament of Morocco.

Granting this status will allow the Assembly to follow in more detail, against the background of the core values defended by the Council of Europe, the various aspects of the situation in Morocco.

One of the issues which the Assembly has to pay attention to is the respect of human rights in the context of the unsettled conflict in the Western Sahara.

The Assembly therefore resolves to follow up closely this issue, and asks its relevant Committee to prepare a specific report on it.

Moreover, the Assembly must also make use of the new possibilities for enhanced dialogue with the Parliament of Morocco, which the granting of partner for democracy status would create, in order to strengthen the parliamentary contribution to the process of searching for a just, lasting and mutually acceptable political solution of the long overdue issue of Western Sahara in the framework of the United Nations.
