Administrative detention

Motion for a resolution

tabled by Mr Tiny KOX and other members of the Assembly

This motion has not been discussed in the Assembly and commits only those who have signed it

Considering that all members of the Parliamentary Assembly of the Council of Europe subscribe to the same values and the practices deriving thereof:

Considering that the Palestinian National Council and the Israeli Knesset are partners in the Assembly;

Concerned that the detention of individuals without recourse to due process on the arbitrary basis of "security considerations" is a practice not in keeping with the values of membership and partnership in the Council of Europe;

Concerned that a partner of the Assembly can detain members of the parliament of another partner;

Given that the use of administrative detention, otherwise known as internment, is strictly regulated by International Humanitarian Law,

The Assembly should investigate the practice of administrative detention in general and how it is applied by Israel to Palestinians.
