Letter from Mr Csanád Major, Deputy Permanent Representative of Hungary to the Council of Europe, to Ms Despina Chatzivassiliou, Secretary General of the Parliamentary Assembly of the Council of Europe, dated 19 August 2025.

[...]

Dear Secretary General,

With reference to your letter of 11 September 2024 concerning the Hungarian candidates for judge of the European Court of Human Rights, I have the pleasure to officially transmit the list of candidates and the summary of the selection procedure for consideration by the Committee on the Election of Judges to the European Court of Human Rights of the Parliamentary Assembly of the Council of Europe.

[...]

The Government of Hungary issued a call for applications for the position of the Hungarian judge opening on 23 April 2026 at the European Court of Human Rights. The call for applications was published on 22 April 2025 on the website of the Ministry of Justice.

The deadline for submitting the application was 6 May 2025, which was extended until 20 May 2025.

The candidates were selected at national level, in accordance with the expectations of the Council of Europe, through an open and transparent selection procedure, based on the nomination of the Professional Committee for the Evaluation of the Application (hereinafter: the Professional Committee).

The members of the Applications Evaluation Committee were as follows:

- Dr László Trócsányi, rector of the Károli Gáspár University of the Reformed Church, president of the Professional Committee
- Dr János Bánáti, co-chair of the Hungarian Lawyers Association, member of the Professional Committee
- Dr Réka Varga, judge of the Constitutional Court, member of the Applications Evaluation Committee

1. The curriculum vitae were submitted by the Government of Hungary in English and French.

- Dr Judit Gyarmathy, Secretary General of the Curia of Hungary, member of the Applications Evaluation Committee
- Dr Zoltán Tóth, secretary of state of the Ministry of Justice, member of the Applications Evaluation Committee.

To evaluate the applications for the position of the Hungarian judge, the Ministry of Justice set up a Professional Committee consisting of highly respected representatives of the domestic legal community in order to ensure that candidates' being of high moral character, possessing the qualifications necessary for the judicial position, and having active knowledge of English or French and passive knowledge of the other official language be appropriately assessed. The Professional Committee also took into account the aspect of gender balance in its work. Representation of both genders is ensured among the candidates.

In addition to fulfilling the mandatory conditions stipulated in the call for applications, the Professional Committee examined the candidates' professional qualifications based on the submitted applications and in a personal interview.

The Professional Committee formed its position solely on professional considerations, based on the written application materials submitted and the personal interviews. The Professional Committee heard all applicants on 20 June 2025 and provided the candidates the opportunity to verbally supplement their submitted applications and answer the questions of the members of the Professional Committee.

The Professional Committee formulated its proposal after the personal hearing by ranking the male and female candidates by secret ballot. From the top three candidates on the ranked list, the Professional Committee selected three individuals in the second round by secret ballot, keeping in mind a balanced ratio of female and male candidates.

When making their decision, the Professional Committee took into account the criteria specified in the call for applications, in particular, the candidates' professional background, their sensitivity to human rights, their knowledge of the functioning of the Court, their level of language skills, their argumentative skills, as well as their international law experiences and their ability for co-operation.

The Professional Committee took into account the relevant resolutions and guidelines of the Council of Europe.

The Professional Committee ranked the candidates by secret ballot.

The Professional Committee recorded the results of the vote. The ballots were placed separately for each round in a sealed envelope, signed by the Chairman of the Committee and the Secretary of State of the Ministry of Justice.

Based on the above procedure, the Professional Committee decided by secret ballot to support the candidacy of the following candidates:

- Krisztina Márta Rozsnyai
- Balázs Tibor Schanda
- Marcel Szabó.

The final candidates were not ranked in order of preference.

The Professional Committee informed the Minister of Justice in writing of its proposal on 9 July 2025.

At the proposal of the Minister of Justice, the government decided to approve the proposal.

The decision of the government was published in the Official Journal (Magyar Közlöny) on 31 July 2025 (1276/2025 (VII.31.) Government decree).

In the codification process of the Code of Administrative Court Procedure I could shape (draft) primary legislation to ensure ECHR (and EU-law) compliance.

Teaching administrative law, with special emphasis on administrative (procedural and court procedural) aspects of the protection of human rights. In addition to teaching these subjects in the general, core university courses, I offer in English a course centered around Article 6 ECHR with special emphasis on the issues of judicial review and judicial administration. In recent years, I also had the privilege to give guest lectures and courses on the right to effective judicial protection at several universities abroad [Bristol (UK), Indiana University (USA), Poitiers (F), Düsseldorf (D) and Göttingen (D)], and more broadly on administrative legal protection mechanisms [at LMU Munich (D), AMU Poznan (PL)], as well as on judicial independence [Bern (CH) and Manchester (UK)].

I contributed to the first Hungarian-language commentary of the European Convention on Human Rights edited by Pál Sonnevend and Eszter Bodnár with commentaries on Articles 6 and 13 ECHR.
