

Doc. 329

10 December 1954

Establishment of a European Information and Education Centre under the auspices of the Council of Europe

Motion for a recommendation

tabled by Mrs Eva FINCKENSTEIN, von and other members of the Assembly

The Assembly,

Considering that any form of European political and economic organisation will remain insecure until public opinion is imbued with a spirit of solidarity, based on a sense of spiritual and moral fellowship,

Recommends that the Committee of Ministers take all necessary steps to establish a European Information and Education Centre designed to promote and foster a European spirit.
